# CONCEALMENT

## H721 [Belt Slide]

This belt slide holster is great for concealment. Traditional pancake design with a reinforced thumb break. Full slide and barrel coverage with a butt-forward cant.

## H721 O.T. [Belt Slide]

Features a body shield to provide comfort between the firearm and user. This open top is designed with a butt-forward cant offering a swift draw from the holster.

## H726 [Belt Slide]

Similar to the H721 design, this model features a partial open front. This will allow you to naturally draw the firearm out of the holster at a shorter distance.

## H717 [Belt Slide]

This holster is designed with an open muzzle and will accommodate different barrel lengths of the same firearm model or similar frame size making it a compact, concealable, all-around holster to carry.

## COPY II O.T. [Belt Slide]

The unique front side molding design of this holster provides a more comfortable, concealable carry. Open top allows for a quick draw and the belt loops at each end to attach or detach without taking off your belt.

•Model COPY II T.B. features a thumb break retention strap

## H710 [Belt Slide]

This compact, open muzzle design rides high and close to the body for great concealment. Will accommodate different barrel lengths of the same gun model or similar frame size.

## J.I.T. SLIDE [Belt Slide]

Open top design allows for an instant shooters grip. Center belt loop & side covered belt slot pulls the firearm close to the body. Open muzzle will accommodate different barrel lengths of the same gun model or similar frame size.

## 001 [Front Pocket Holster]

The design of the holster conceals the shape of the firearm and keeps it in the ready position. The hook shape will catch on the pocket so you can draw the firearm while it remains in the pocket or falls away.

## 002 [Hip Pocket Holster]

Low profile concealment design with the holster pocket molded and a thin Kydex placed between the suede and leather to prevent less printing of the gun. The suede leather is sewn to the backside to help hold in place when draw is made.

# CONCEALMENT

### H715-M W.C. [Inside the Pant Holster]

Made of lightweight leather and form molded for retention. The opening is reinforced with a mouth band to allow for easy holstering. The sturdy spring metal clip allows for easy on, easy off.

### H715-M WCS [Inside the Pant Holster]

Same features as the original H715-M W.C. but has the added feature of a body shield. This will provide comfort from the firearm on your skin and protection from perspiration on the pistol.

### H715-M T.B. [Inside the Pant Holster]

Same as the H715-M W.C. except it features a retention strap with metal reinforced thumb break for additional security for the user.

### PCCH [Inside the Pant Holster]

This holster is lightweight and comfortable for carry. It has a body shield to provide comfort between the firearm and user. Reinforced opening for easy reholstering. Snap-on belt loops to allow it to be attached and detached without taking off your belt.

### Ankle Safe [Ankle Holster]

Holster is form molded leather with a reinforced thumb break for firearm retention. Neoprene ankle band with Velcro closure and sheep skin padding for comfort between the holster and ankle.

### D425 A M/C [Magazine/Handcuff Holder]

This combo will carry a magazine and a pair of chained or hinged handcuffs. A compact carry with belt loops up to 1 3/4" width belts. Available for right and left hand shooters.

### D417 [MAGAZINE HOLDER]

Magazine holder is designed with an indent on the front to hold the magazine in place. Available with a sturdy spring slip for easy removal or as a belt slide.

### G417 [MAGAZINE HOLDER]

This mag holder is designed with an adjustable tension screw and a one way directional snap off belt loop. The pocket is cut down so a proper grip can be made.

### D421 [DOUBLE MAGAZINE HOLDER]

The holder has adjustable tension screws for users preferred fit of magazine. Two one way directional snaps on the back allows for easy on and off.

# TROUSER BELTS

**B109 [Trousers Belt 1 1/2"]**

This 1 1/2" uniform straight belt is made from premium 9/10 oz. cowhide leather. Belt comes with a solid brass removable buckle.

**B109-L [Trousers Belt Lined]**

This belt was designed to support the weight of a handgun. Two pieces of top grain cowhide and stitched edges. Belt comes with a solid brass removable buckle and offered in 1 1/4" or 1 1/2" width.

**B111 [Garrison Belt 1 3/4"]**

The rugged 1 3/4" Garrison Belt is constructed from 9/10 oz. cowhide leather. Belt comes with a square heavy brass buckle.

**B111-L [Garrison Belt Lined 1 3/4"]**

The belt is constructed with two pieces of cowhide leather glued together and stitched for a nice finished edge. Includes a removable square buckle.

**B112 [Officer's Belt 1 3/4"]**

This wide Officer's belt, also known as the Ranger belt is made of heavy 9/10 oz. top grain cowhide. It features billets of 9/10 oz. cowhide. Belt has a solid brass oval buckle.

**B113 [Buckleless Trousers Belt 1 1/2"]**

The buckleless B113 belt is made with top grain cowhide. Can be worn for any job where a belt with a buckle could cause damage. Designed with two belt posts that will secure the belt in position.

## COWBOY ACTION/BLACK POWDER SHOOTING

**Deluxe Cartridge Belt**

Heavy cast nickel plated brass clipped corner "California" style buckle with 40 cartridge loops. 2 1/2" wide belt is cut from premium full grain saddle leather, border tooled and unlined.

**Deluxe Cartridge/Shotgun Shell Combination Belt**

Heavy cast nickel plated brass clipped corner "California" style buckle with 12 cartridge loops and 8 shell loops. 2 1/2" wide belt is cut from premium full grain saddle leather, border tooled and unlined.

**Strap Leather Belt**

Strap leather holster belt with brass plated center bar buckle held in place with secure snaps.

**Knife Sheath**

Slide-on style sheath. Belt slot will accommodate up to 3" belts.

**Shotgun Slide**

Holds six round of shotgun ammo. Premium full grain leather with authentic border stamping.

The Oklahoma Leather Products Cowboy Action and Black Powder product line is made from premium full grain saddle leather unlined.

# COWBOY ACTION/BLACK POWDER SHOOTING

## Cheyenne Double Loop Holster

This full grain leather holster is one of the most popular styles of the 1870's through the turn of the century. The integral wide belt loop will fit over 3" wide cartridge belts.

## Mexican Single Loop Holster

This style incorporates the single swelled loop over the mid section of the holster. The integral wide belt loop will fit over 3" wide cartridge belts.

## California Pattern Slim Jim Holster

One of the earliest holsters patterns, has changed very little, remaining with a slim, gun contouring fit with an attached belt loop.

## Slim Jim Crossdraw Holster

Matching cross draw holster to our strong side (RH) California Slim Jim. 20-degree angle complies with SASS regulations. Hammer thong included for safety.

## Cavalry Style Flap Holster

Solid brass closure, sewn barrel end. Holsters are to be worn butt forward. Available with a "US" or "CS" emboss on flap or with a plain flap.

## Western Style Open Top Holster

Open barrel end. Sized to fit percussion revolvers and cartridge revolvers up to 8" barrel lengths.

## Western Style Slim Jim Holster

Open barrel end, contoured seam with decorative crease line embossed border.

## Modern Hunting Style Holster

This holster has safety strap, heavy duty snaps lock securely. Sewn barrel end.

## Cowboy Drop Loop Cartridge Belts and Holsters

2 1/2" wide cartridge belt has a heavy cast nickel-plated brass clipped corner style buckle and 12 cartridge loops. Western style, quick draw holster. Holster has both a leather hammer thong and a leather leg tie.

\*These items are sold separately

## Bullet Bag

Genuine split leather stand up bullet bag. Sits flat on its base and allows top access to contents.

## Old Northwest Belt Bag

Mate to the Old Northwest Hunting Bag, with same features but different size.

## Old Northwest Hunting Bag

Fully gusseted sides for added inside room, tapered beavertail flap. Inside features accessory pocket. Adjustable straps.

## Rifle Case

Case is for long rifles, hammer and front sight reinforcements sewn in to protect wear through and add padding against occasional bumps. 6" long fringe sewn into bottom seam on barrel end, folding flap with tie closure.

## Rifle Sling

Base laces on butt of stock. 1" wide sling slips over barrel or between ramrod thimbles and is held in place by the ramrod.
